## Save Gas – Save the Environment – Don't idle your vehicle

- Unnecessary idling wastes money and fuel, and produces green house gases (GHGs) that contribute to climate change.
- Idling longer than 10 seconds uses more fuel and produces more CO2 compared to restarting the engine.
- 10 minutes of idling wastes an average of 100 litres of gas and produces approximately 197,830 grams of GHGs a year.

## 15 Minutes Free Parking

Dropping off or picking up airport passengers at Kelowna International is easier than ever. Parking in both the long and short-term parking lots is free for the first 15 minutes.

Stop driving around in circles waiting for your friend or family member to get off the plane or driving in circles looking for a curbside meter. Take advantage of the 15 minutes of free parking. Pull into one of the parking lots, turn off your engine and relax.

Encourage your pick-up to use their cell phone to call once they are off the plane with their luggage and heading to curbside.

**Flight delayed?** The first hour of parking in either of the lots will only cost a dollar. \*First 15 minutes is included in initial first hour of parking.

## Gold Pass Program for the Frequent Traveller

The "Gold Pass" program recognizes the frequent traveller. The six-month Gold Pass can be purchased for \$714, which equates to \$119 per month, and is set at 1/3 the monthly maximum equivalent for the short-term lot.

The prepaid Gold Pass is non-transferable and will be vehicle and driver specific.

To learn more about the Gold Pass visit the Royal Star parking booth in the short-term lot, call 250 765-5612, or visit [www.royalstarkelowna.com](http://www.royalstarkelowna.com).
