Dear Resident/Business/Proprietor:

**RE: Gordon Drive Bridge Replacement and 4-Laning from Lexington to Cook Roads
& Mission Creek Greenway Closure**

Beginning at 8 a.m., Tuesday, June 1, Gordon Drive will be closed between Lexington and Cook Roads for the reconstruction of Gordon Drive Bridge and 4-laning from Lexington to Cook Roads.

Traffic personnel will be on site and detour routes will be marked. Alternate routes include Dehart Road to Swamp Road and Lakeshore Road. A temporary signal at Lexington and Lakeshore Roads will be installed during the detour to help with traffic flow.

Mission Creek Greenway will be closed at Gordon Drive during the construction of the bridge. Gordon Drive Bridge and access to Mission Creek Greenway is scheduled to reopen the end of September.

The Gordon Drive Bridge will be replaced with a new 4-lane concrete structure complete with bicycle lanes and separated sidewalks and an underpass for the Mission Creek Greenway. The 4-laning will be completed from Lexington to Cook Roads and completion of the off-road multi-use pathway.

Parking will be removed permanently on the west side of Gordon Drive between Cook Road and the bridge to accommodate the widening.

This transportation improvement will allow for a safer network of roads, bicycle and walking pathways and access to recreational amenities. Removing the two-lane bottleneck at the bridge and building over the Mission Creek Greenway will create a safer environment for motorists, pedestrians, and cyclists.

The \$6 million project was funded in part from the Infrastructure Stimulus Fund and has allowed this project to be constructed this year at a third of the cost to the City of Kelowna. Construction was awarded to West Shore Constructors; Stantec Consulting is the administrator.

For more information visit kelowna.ca/cityprojects or kelowna.ca/roadreport for the most up to date road construction, road closures and potential delays.

We thank you for your patience and understanding during construction.

Yours truly,

Purvez Irani
