

Development Within the Airport Zone Declaration

Owner/owners agent

Project Description

Project Address

Building Permit Number

I am the owner/owners agent of the above noted property

Strike out one

I have read and understand the City of Kelowna bulletin: "Development Within the Airport Zone". All buildings and construction equipment have been assessed and I have received all necessary approvals from YLW and Transport Canada in regards to the Outer Surface, Approach and Transitional Surfaces. I have retained copies of all required approvals that will be available to the City upon request. In addition the Nav Canada has been submitted to the City.

I understand that if the approvals are not met or the information provided through the approval process was incorrect, construction may be asked to stop.
