### **Boil Water Notice Precautions**

Any water that has a chance of being ingested should be boiled, whether it's for beverages, food preparation, coffee machines, brushing teeth, making of infant formula, making ice and water for pets. In addition, an alternative would be to purchase bottled water.

All water should be boiled for one minute, cooled and stored in clean, covered containers in a refrigerator. Residents are reminded to cool water prior to use to avoid burns or scalds.

To assist owners of public facilities, the City has made available a [Boil Water Notice](#) at [kelowna.ca/water](http://kelowna.ca/water), which can be printed on standard letter size paper and should be posted until further notice.

### **Civic Addresses affected:**

- 3683 Berard Rd
- 2725 KLO Rd (clubhouse exempt)
- 4485 Sallows Rd
- 2360 Saucier Rd (office only)
- 4290 Wallace Hill Rd
