

City of Kelowna Artist in Residence Program Guidelines

1. Artist in Residence Program

1.1 Program Outline

The Artist in Residence Program is meant to broaden Kelowna's experience with arts and culture and stimulate thoughtful conversations on local topics. This program aligns with the [2020-2025 Cultural Plan](#)'s Goal #8 "Share our Story" and Goal #9 "Broaden the Reach".

The City of Kelowna requests expressions of interest from artists to apply to be the City of Kelowna's Resident Artist. This program would involve the artist:

- engaging with the community in the context of arts and culture;
- creating a temporary work(s) of art for the City;
- Engage the audience through the theme of 'Arts on Prescription'. Explore the ways that art and creativity are used to reduce stress, promote connection, and improve overall wellbeing.

For the purposes of this program, "the Artist" may be an individual artist or collective of artists working in interdisciplinary art, social practice art, digital or electronic art, installation, visual art (photography, film and video, painting, print-making, drawing, sculpture, crafting), performance arts (theatre, dance, etc.), music (creation, production, performance) or writing. The work(s) of art created and the community engagement may fall into any of these categories or multiple categories.

The Artist will be expected to commit to an average of 20 hours a week for 10 weeks or a similar commitment. The Artist will be an independent contractor of the City and will invoice the City for an all-inclusive fee of \$12,000, in a timely manner as laid out in a Memorandum of Understanding. This is not a live-in residency. This fee will be inclusive of housing, workspace, insurance, supplies, installation and removal fees (if necessary), and artist fees. A recommended amount of \$8,000 of the project budget should be attributed to artist fees.

The Artist will be selected based on review of their Expression of Interest Form and Project Proposal as they relate to the selection criteria. The selection process will occur in 2 phases, with a limited number of artists chosen to advance to Phase 2. Those advancing to Phase 2 will receive a \$500 honorarium for the additional work to prepare a detailed project proposal and budget.

After Phase 2, the Artist chosen as the City's Artist in Residence will be required to enter a Memorandum of Understanding (MOU) with the City of Kelowna that will further outline the payment schedule, details of ownership of the work(s) of art if applicable, time the work(s) will be on display, additional support provided by Cultural Services staff, and all other relevant details that are beyond the scope of this document when not knowing the nature of the project.

The Artist will be expected to dedicate a portion of their hours to setting up the logistical aspects of the project and working with relevant stakeholders, as well as committing time to the community engagement portion of their project.

Cultural Services staff will be available to assist the selected Artist in Residence in connecting to other City departments, with some marketing and promotion of the program, and will be able to provide some basic support, but the expectation will be that the artist is leading the project. The details of support provided will be further outlined in a MOU.

2.1 Artist in Residence Program Goals

This program will provide impactful, quality work and services, and contribute to the realization of the City's cultural vision. The objectives for this program are to support an artist whose project is committed to the advancement of the [2020-2025 Cultural Plan](#) goals and strategies. The strategies this program is advancing are:

- *Strategy 1.3:* Promote fair wages for arts professionals and support strategies aimed at attracting skilled creative workers and enterprises to Kelowna
- *Strategy 3.3:* Animate community spaces with quality and accessible public art
- *Strategy 6.5:* Increase the number of new and innovative artistic experiences offered in Kelowna
- *Strategy 8.2:* Build broader and deeper relationships with audiences

2.2 Artist's Outcomes and Deliverables

The Artist will be expected to:

- Develop and showcase one or more works of art (of any discipline);
- Incorporate the topic of Arts on Prescription in both the community engagement and the work(s) of art; and
- Clearly identify project outcomes including a defined start and end.
- Incorporate the community in the program through a unique and creative way. The community engagement can be part of any aspect of the project and may be done in a variety of different ways, it is at the artist's discretion at which stage(s) it occurs.

For example;

- through assisting in the creative process,
- production of the art the project and the artistic discipline(s) they are working in,
- inclusion of social commentary in the work(s) of art,
- engaging in a dialogue with the art, or

- another way that the artist feels is fitting.

**Simply creating a piece to be viewed by the public or allowing the public to view the creation of the piece is not sufficient community engagement for this program.

3. Program Eligibility

3.1 Eligible Individuals

To be eligible, the artist must:

- be legally entitled to live and work in Canada for the duration of the residency;
