

Trail Rules and Safety

Tips to help everyone stay safe while having fun on the lake:

- Bring appropriate safety gear (e.g. signaling device, light).
 A personal floatation device is mandatory.
- ≈ Ensure you can be seen in the water, choose bright colours or reflective gear.
- Review Transport Canada's Safe Boating Guide for safety requirements.
- Be aware of your environment (e.g. water temperature, wind, current, boat traffic) and stay within the limits of your paddling ability.
- It is recommended to paddle with a buddy, or to be comfortable with self-rescue.
- Determine your route and tell someone where you're going and when you expect to be back.

- ≈ It is recommended to stay on the shore side of the buoys.
- In the event of a sudden weather change, return immediately to shore.
- Mooring to buoys is a federal offence. Only tie up to designated sign posts.
- Pack it in, pack it out. Respect the lake and land by properly disposing of garbage or taking it with you.
- ≈ Use at your own risk participating in water sports in an unsafe manner can result in serious injury or death.
- The City of Kelowna is not responsible for injury to users nor for loss or damage to personal property.
